

URGENT: CALL YOUR LEGISLATORS TODAY!

URGE THEM TO SUPPORT THE ROAD REPAIR PLAN TO FIX OUR ROADS!

The Governor and legislative leaders will soon unveil a road repair plan that contains billions annually in new revenues to fix our roads, coupled with strong accountability provisions to protect taxpayers and make sure funds are used only for road repairs. We are urging legislators to vote on this plan before they leave for spring recess on April 6th.

Please call your legislators TODAY and urge them to support the road repair plan.

Use the following link to find your State Senator and Assembly member and their phone number: www.fixcaroads.com/call/

Use the following Talking Points when you call:

- State your name and city.
- I am your constituent.
- I strongly urge you to support the road repair plan being put together by Governor Brown and legislative leadership.
- The roads in our community are crumbling and need repair.
- For too long, the legislature has neglected to increase transportation funding.
- Bad roads cost us all -- motorists pay \$700 a year in vehicle repairs because of the poor condition of our roads.
- Please support the road repair plan today. The longer we delay, the more we all pay.
- Thank you.
